

UNSILENT NIGHT IN BALTIMORE

On **Friday, December 8th at 7pm** we will perform downtown NY composer Phil Kline's ambient Christmas masterpiece, *Unsilent Night* on the streets of Baltimore.

Unsilent Night is an outdoor ambient music piece for an INFINITE number of boom box tape/CD players. It's kind of like Christmas carolling, except that we won't sing, but rather carry boom boxes, each playing a separate tape/CD, which is part of the piece. In effect, we'll become a block-long stereo system!

WHAT YOU NEED:

1. Yourself
2. A boom box tape/cd player
3. A cheery holiday attitude (N.B. grinches also welcome)

We will **meet at the Washington Monument near the Peabody**. Please arrive no later than 6:45pm so tapes/CDs can be distributed. From there, we will proceed up N Charles St, turning left onto Eager St. We will then take a right and walk N on Cathedral up to the Meyerhoff, which we'll circle once (or twice). Then continue E on Preston and then a right on Charles, where the piece will end at around 8 o'clock in front of the Brewer's Art.

Please RSVP to brian@briansacawa.com or 520-820-7740 no later than December 6th so I know how many tapes/CDs to make. And let me know whether you'll have a tape or CD boom box so I know what format to make for you. No RSVP: that's ok too. I'll have extras. If you don't have a boombox but just want to come and listen, that's cool too.

Be a part of this one-of-a-kind cult holiday tradition. Help us make a **BIG** and joyful **noise!**

BE A PART OF IT!!!
